## Merchants Mass Vs Star Market Plan

GUESTS OF HONOR are seated at Arlington High football banquet sponsored by local Lodge of Elks. Most Valuable Player award was presented at the affair to George Stroh, and a trophy was presented to each member of the team, which finished last season with a winning record.

Star Market's \$100,000 bid on the old Town Yard property brought fighting opposition to the Selectmen Monday night in the form of more than 75 local merchants, who set forth their grievances through spokesman Berg Keshian, proprietor of an independent, large market in the area.

To accommodate the large number for the hearing, Selectmen were forced to turn over their office to the Finance Comm., and retire to larger but more impersonal quarters.

At the meeting's start, Chairman of the Board Horace Homer stated three points of the Board regarding sale of the land, which he reiterated many times throughout the hearing: there is no personal interest on the part of the Board; no action has been taken yet; the Town's best interest is "our desire."

Keshian, giving a prepared statement for the merchants, said the reason for opposition was a "selfish" one — "our livelihood."

He attributed the quality of life for the Town in part to its businessmen, whom he stated, "to destroy would be to destroy the life-blood of Arlington."

In a somewhat exaggerated appeal, the Board was

MORE THAN 100 local merchants convened in Town Hall hearing room to voice opposition to Board of Selectmen on possibility of selling Town Yard to the Star Market.

petitioned to "remove this threat which hangs over all Arlington like the 'Sword of Damascus'."

Moving into the offensive, Keshian questioned the Board's recommendation to use the land for an industrial site "exclusively."

He condemned the thought of "highest bidder" as sole influence on sale of the property.

In rebutting a statement by Francis O'Hearn, Chairman of the Planning Board,

last week, Keshian said, "Star Market's promise of \$20,000 to \$25,000 in taxes is not a fact — for only the Board of Assessors is capable of telling what the Town's income will be."

"The Stop and Shop pays only \$9,020 per year, and First National \$8,600 — and they are on Mass. ave."

The spokesman suggested that this Town is being used by Star, which "intends to sell its Rte. 2 area of 273,000 sq. feet to Arthur D. Little Co. for nearly half a million

dollars, if it acquires the Town Yard land."

Keshian was not requested to back up his statement regarding the Rte. 2 property, which the Star has been holding unused for about nine years, and has been paying taxes to the Town at an average of \$2,000 a year.

Feeling that this threat to business has brought together Arlington businessmen who have never before been

A total of 93 articles has been inserted in this year's Town Warrant with a number of them expected to raise some controversy when they are reviewed for the annual Town Meeting.

Included in the controversial spot are general raises sought by Town employees, and by Police and Fire Dep'ts.

An increase from the present \$5614 to \$6007 has been asked by patrolmen and firefighters. This article was inserted by ten registered voters.

Pay hikes of \$208 are requested by the Personnel Board for 556 Town employees. This annual figure represents a 4% raise, or \$4 weekly, and calls for an over-all Town expenditure of \$94,500.

Total Fire and Police Dep't hikes require an additional sum annually of \$57,105.

The VFW post on Railroad ave., center of much controversy in the past and at present, is again in the spotlight in the form of a Warrant article.

## Two Arrested In Book Raid

Two Arlington men were arrested Jan. 17 for violation of Gaming Laws, in a combined effort by State and local police.

Formally charged with registering bets on the speed of a beast, Charles Leverone of 46 Bow st., proprietor of a store on Mass. ave., was given a suspended sentence of one year in the house of correction.

On two other counts, 'setting up and promoting a lottery,' and 'using a telephone for the purpose of registering bets,' Leverone was fined a total of \$300.

Also picked up by police was Robert Rata of 130 Park ave. He was charged with having lottery tickets on his person, and was fined \$150.

Participating in the raid from the Arlington Dep't were Captain Lucarelli and Inspectors Bradley and Hourihan.

MOTHERS MARCH of Dimes is scheduled locally for Jan. 27, with 500 to participate. Benefit to be held at Lowe aud. Jan. 25.

## Nothing Missing In Recent Breaks

A Monday night burglary at Kenney Contracting Co., Prescott st., netted nothing for would-be thieves, but caused damages estimated at \$450 by the manager.

Entry was gained by breaking and opening a window at the side of the building. Once inside, the office was entered by knocking a hole through the side of a wall.

According to company policy, cash is not kept in the office file safe, which was probably forced open with a crow-bar.

In a similar break at this building about two years ago, thieves made off with a book of blank company checks and \$60 in cash. They proceeded on a check-cashing spree, going from bar to bar at the bar-owners expense.

In the recent break, the criminals involved were conscientious enough to bring their own tools, but the first one was done with the aid of hammers and jimmies left around the building.

Several other breaks were

reported throughout the Town over the past week, but nothing was found missing in any of these.

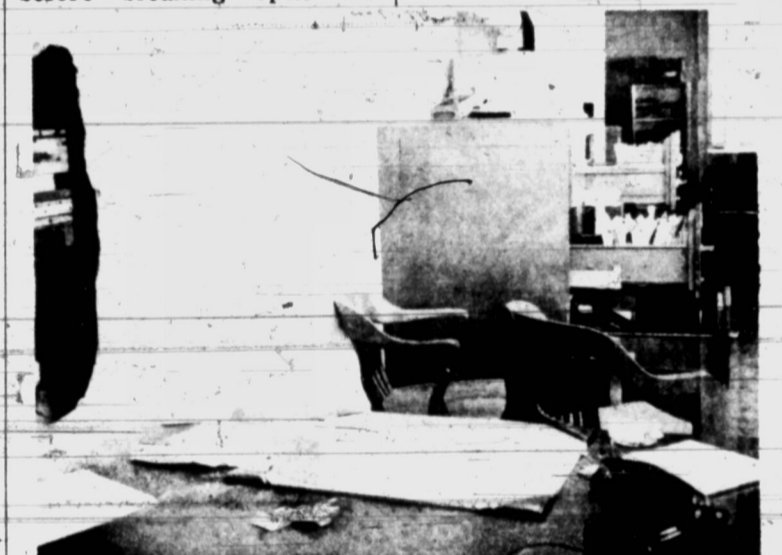

Cumberland Farms Inc., 141 Mass. ave., was entered last week by removing a rear window screen and breaking the glass.

A jimmied rear door at Woaddle's Shell station indicated an attempted entry, but thieves apparently gave up before breaking open the

lock.

Two additional breaks occurred Monday night, one on Wood Brothers Express Co., 40 Water st., the other at Mr. Snack Food Service, 32 Prentiss rd.

The fact that nothing has been taken in any of the recent breaks indicates that crooks are not well-informed of the banking habits of local businessmen.

TUESDAY MORNING SCENE in office of Kenney Contractors on Prescott st. shows disorder after attempted robbery. Hole in wall (left) was made by burglars to gain entry to office safe.

organized, the spokesman informed Selectmen, "Starting now, we are going to form an Arlington Businessmen's Association."

Raising his voice in protest from time to time, Keshian commented on the Development Commission's "inadequate distribution of information" on its sale of the land. He claimed there was a prominent contractor present, who had never been informed of the area. No such person came forward at the hearing, however.

This point was refuted by Harold Behr, a member of the Commission, who said the information had been widely circulated in the form of brochures and had been published in newspapers. Coming to the defense of the Development Commission, Selectman Greeley said its members had to make a report.

## Developers are not interested in apartment buildings here but favor an industrial park.

Greeley won the favor of the merchants several times by avowing his opposition to the sale of land to a supermarket. At one such occasion, a round of applause came up from the audience of businessmen.

Attempts were made by Anthony Caterino of 18 Williams St. to get a committed answer from each of the Selectmen, regarding his stand on the Yard situation. Greeley, however, remained the sole member of the Board to give a final answer.

(Caterino, owner of a fish market in the Heights section, appears quite perturbed with the Board. He took out papers for the office of Selectman Monday—Ed.)

Citing a number of statements from and about real estate men and contractors at the hearing, Pellegrini suggested the meeting be thrown open to option bids from any contractors present.

Selectman John Bullock favored an enterprise which would best represent a sound and regular tax base for the Town. He claimed he would accept one dollar for the property, if certain it would bring in \$100,000 in taxes.

A local real estate man, Sidney Lipton of 11 Churchill Ave., said it would be asinine for a contractor to bind himself to a restrictive agreement for an apartment building without first having lined up occupants.

"The occupants, however, cannot not be gotten without a great deal of financial risk for the contractor, because the Board demands that he commit himself before knowing whether he is to receive the property," he said.

Lipton raised a laugh when

## Red and Gray Jottings

by Connie Mugnai

Here's a New Year's resolution that some thirty-five members of the student body have been practicing since the beginning of the school year — doing a good turn for someone less fortunate. For, these thirty-five students are members of the Bedford Veterans Hospital project.

The project, sponsored by the Veterans Administration in co-operation with the Arlington Mental Health Association, has come a long way since 1961. Because of the project's popularity, this year's enrollment had to be limited to approximately thirty-five members.

But just what does each person do at the hospital? There are a number of activities and programs that are offered. The volunteers specified their interests and then were assigned to a position that would be suitable to their own field.

There is Occupational Therapy which deals with the arts and crafts. Students in this field, help the patients to use their minds as well as their hands. With the students as guides, the patient learns sewing, knitting, and painting.

Educational Therapy is as interesting as it is rewarding. In this aspect of the project, volunteers might help a patient in understanding mathematics, or in learning a new language. Some patients are guided through political discussions on the government and history. Debates may range from such timely items as the problem in India to Boston politics.

Other members may be in Social Services or in Dentistry. Whatever the field is, each volunteer is doing what he or she likes and wants to do — everything from rolling bandages to discussing the Massachusetts state government.

DR. PAUL F. BURKE was reappointed a member of the Board of Health for a term of three years, ending Dec. 22, 1965.

## FOR BETTER SERVICE

Here's how you can get better service from your Internal Revenue Service according to Alvin M. Kelley, Boston district director.

Closely follow the instructions accompanying each return, bill or notice which you received in the mail.

Be certain you enclose with your remittance the properly completed form, or the Director's copy of the bill or notice. It's a good idea to paper clip — not staple — these to your check or money order.

When your account number is stated on a bill or notice, enter it on your check.

Type or print your name and address wherever required.

Mail your remittance and papers to the proper Federal Internal Revenue office early.

## THE WHISPERING PINES

When cares oppress and work is a load,  
And the going hard up life's rough road,

Our foreheads creased with worried lines,  
Our spirits long for the whispering pines.

The pines who always were our friends,  
For the world's rebuffs can make amends.

They always rest us through and through,  
While making our souls and spirits new.

As against the sky they toss and nod,  
They seem to whisper there is a God.

## A THEME ON WINTER

In the cool greyness of the winter sun  
The gold foiled leaves danced and spun  
In tune with the wind's sighing mood  
Through the blue-green shadows of the pine scented wood.

The little tree stood bravely by  
Shaking its gold tipped edges, its shadows high  
Shivering in accord with the silent shedding  
Of loose bark from the stark branches spreading.

The shadows on the still whiteness danced  
Like sprites in the gayness of a winter trance  
Turning and spinning reflections of gold foil  
Caught in the wild music of the earth's turmoil.

## Make Plans For Wild Game Dinner

On Sunday, Feb. 24, there will be a "Wild Game" dinner for the benefit of the Arlington Boys' club. It is a kick-off drive to raise money for the tiling of the club pool.

Men and their sons need not be members of the club or residents of Arlington to attend. "Whitey" Krueger, owner and operator of Whitey's Sportland in Arlington Center, will sponsor the entire menu.

### WHIST PARTY

#### AT ORANGE HALL

Davis Square, Somerville

Sat., Jan. 26, 8 p.m.

Every week since the beginning of the summer, a deposit has been made in a Frozen Food Locker in Cambridge. Lobsters, clams, scallops, blue fish, shrimp, etc. will be some of the seafoods.

Deer meat, steaks and chops, rabbit, duck, pheasant, partridge, and many more species of wild game will be expertly and delicately prepared by Whitey.

Spaghetti and macaroni shells with two or three different type sauces and a fresh garden salad will top off the menu. It will be a buffet style dinner.

This will offer a fine opportunity for a dad to use the pool and also have a delicious deer steak if he didn't get the opportunity to hunt this year.

Dave Mahoney, swimming director at the Club stated this week that "the need for tile in the pool basin can easily be seen now, as the paint is constantly chipping

and flaking off the bottom. It detracts from the looks and proper functioning of the pool."

Tickets may be purchased at Whitey's Sportland in Arlington Center or from Dave Mahoney at the Club.

## First Place In G. B. I. Still In Sight

Arlington's G.B.I. hockey team won its sixth game in the last seven starts after two early season defeats to scramble further an already scrambled four club race.

Spotting the league-leading Medford team a 2-0 goal lead midway through the second period, Arlington rallied with a goal in the closing minutes of the second stanza and two markers in the early moments of the final period to hand Medford its first loss of the season and thus even the season's record with the "Mustangs".

An Eddie Burns coached Arlington high hockey team has never lost twice to the same opponent in 14 years of G.B.I. competition.

Arlington lost its first two games, won four in a row, then blew a 3-0 lead and bowed to Brookline 4-3. In the past two weeks, the locals have beaten Newton and Medford, knocking both teams out of first place in the process.

Brookline, after hanging back behind Newton and Medford for over half the season, has come strong and this week took over the lead by a single point over these two teams. Arlington is still fourth, but only three points from the league roof. The teams have five games to play.

Arlington-Medford battled on even terms through the first period, but then junior forward Don McKeown tallied a pair of markers in the second period for Medford.

His first tally came at the 16 second mark of the period with an assist going to Riley. At 5:09 of the same canto he scored a second marker with McCarty registering the assists.

Bob Fredo fired a 15 footer through a screen at 8:08 of the second period with Clarke and Cappello getting assists.

At 1:54 of the final canto, Ruddy Clarke picked up a

clear-but shot and fired it by the Medford goalie.

Dick DeCaprio tallied the clincher just a minute later when he took a pass from McCarty and fired a 45 footer by Medford's John Fazio.

ARLINGTON—G. Langone; Id. Webb; rd. Carr; c. Toczykowski; lw. Fredo; rw. Clarke. Spares—Fazio, Bertagna, Cappello, DeCaprio, McCarty.

MEDFORD—G. Fazio; Id. Boretti; rd. Buckley; c. Riley; lw. Roycroft; rw. McKeown. Spares—A. Cornella, McCarty, Driscoll.

### Score by Periods:

	1	2	3	Total

Medford	0	2	0	2

Goals—McKeown 2, Fredo, Clarke, DeCaprio. Assists—Riley, McCarty, Clarke, Cappello, Carr.

## Track Team Wins First Bops Needham 50-27

Arlington's Track Team chalked up its initial win of the season in Division II of the MET Track League, Saturday, beating cellar-dwelling Needham, 50-27.

The locals grabbed off six firsts in netting the win. The 300, 600, shot put, high jump, hurdles and dash were captured by Arlington participants, while the losers walked off with top honors in the mile, 1000 and relay.

Nevoia of Arlington took the 300 in 39.1 seconds, with teammates Tiede and Kelley finishing second and third.

Kelly grabbed the 600 first spot for the locals with Fisher and Donahue of Arlington completing a second sweep.

Arlington completed another one-two-three in the shot put with Glynn winning with a toss of 43 feet 7 inches. DeStefano and DeMatteo finished second and third respectively.

Freyer won the hurdles in 6.6 seconds with Theokas and Huffmeister of Needham winning the other two spots.

D'Antuono won the dash for Arlington in 50.9 seconds, while Moore of Arlington and Yereh of Needham took down the other two spots.

Arlington's other win came in the high jump with Kelly grabbing his second first with a jump of 5 feet 4 inches. Yereh and Pine of Needham took down the other two places.

Russell of Needham won the mile in 5:04.9 with Corbett and Seery of Arlington finishing second and third.

Cuttle of Needham won the 1000 in 2:34.7, while Willons and Simonds took the other two spots for the locals.

Needham's relay team of Moore, Provost, Theokas and Cuttle chalked up the only other win for the losers.

## Editorials

## Everybody Loses

New Yorkers, after 40 days without a local newspaper, have discovered some aspects of the power of the press beyond those usually attributed to it, according to Truman Temple, staff writer of The Washington Evening Star, after a survey of our largest city.

The leading dealer in luxury cars told Mr. Temple: "Our sales are off 75 percent. If you can't tell the people what you have, you can't sell."

A few blocks away in the famed clothing district, he noted the padlocked newsstand of a blind couple. Normally, he was told, they averaged \$30 to \$40 a week, but had not worked since December 7th.

These two extremes in the merchandising scale, says Mr. Temple, "illustrate the way the current newspaper strike has cut across all walks of life here."

"It is creeping disaster. Nothing dramatic happens in any one day or week. But it shows in a hundred ways how daily journalism is woven into the fabric of a city's spending and eating and working and even dying."

Business in downtown stores, he learned, has slipped from four to 20 percent, with the large department stores the hardest hit. Florists are hurt by the lack of obituary columns, since people cannot read of the demise of friends. "If you die in New York nowadays, it's likely to be a lonely trip to the grave."

As of the 41st day, says The Star's man, the strike had "cost the newspaper industry over \$60 million in lost wages, advertising and circulation. Some 20,000 employees at nine New York dailies have lost their jobs. Many are unable to find temporary work."

That the strikers will lose also, in the long run, should be obvious. Thus, all are losing, there are no winners. And the growing uneasiness of New Yorkers at being out of touch with the world and their own community threatens not only morale but the city government and the public safety.

The newspaper is indispensable to order and progress — as well as enlightenment.

## Roof Blows Off Again

The President's \$98.8 billion budget proposal is not only the world's all-time largest in peace or war, but certainly the most fantastic. The anticipated \$11.9 billion deficit, however, falls a little behind breaking the record, being half a billion below the Eisenhower deficit of '59. As heretofore, Chairman Harry F. Byrd, of the Senate Finance Committee, and the best-informed budget analyst in the nation, is not impressed with the deficit estimate. His own projection is that spending will top \$100 billion and if the Kennedy tax cut is voted by Congress, the deficit will be \$14 billion.

A year ago the President warned us that deficit spending could cause inflation. Today, his fear is of "a chronic deficit of inertia due to inadequate economic growth", which is apparently to be overcome by cutting taxes, paying Government workers still more money and hiring 36,500 more of them! By his own estimate, the President's goal is a debt of \$315,604,000,000.

In his message, the President reported specific progress in improving worker efficiency in Government bureaus: Three thousand employees now do the work of 17,000 in the Veterans' Bureau, a single Treasury employee now issues nearly three times as many checks and bonds as in 1953, another group processes a third more loans per worker, and so it

goes. Millions have been saved, thousands of jobs eliminated. But we need 36,500 more Federal workers and a share of the \$4.5 billion increase sought for the year beginning July 1st to fill their fatter pay envelopes!

Few Americans will be bold enough to question the record-breaking peacetime defense request of \$52.2 billion, but there should be serious question of whether we should spend the better part of \$42.2 billion next year in trying to get to the moon before 1970. And it is high time for drastic cuts, instead of further increases in foreign aid, and the controversial, paternalistic programs incubated and inflated in the Department of Health, Education and Welfare.

A budget calculated on confining spending to the limits of income would restore much of the sagging confidence in the Administration. Better yet, a budget that allowed a margin of the \$2.4 billion first-year cost of the President's tax cut program, would have greatly improved chances of passage and inspired business with new hope and enthusiasm. And this could have been done.

But it was not to be. It remains for the Congress to protect those it represents from the clinging conviction of the White House gang that practically everything has a price — and that you can buy prosperity if you just spend enough.

## No Disgrace

The increase of drinking is on the rise and not too much is being done about it. Why? Is it because of the lack of knowledge or the inability to cope with the problem because of fear?

The Al-Anon Family group is primarily for people who know or have known a feeling of desperation concerning these drinking problems of their loved ones.

There are times when understanding these problems are difficult and trying, however, confidence and anonymity help re-build the gap broken by desperation. The Family Group gives assurance that no situation is too difficult and no unhappiness is too great to overcome. Through knowledge, one becomes more objective and this results in a happier home. In many instances, this encourages

the problem drinker to seek help for himself.

So often patience is completely worn out and seemingly small problems become deep seeded hates. A problem drinker can best be handled by those who know or have experienced these same nightmares. They offer help, not sympathy. People are individuals and need to be respected as such, whatever their problem may be. Chronic drinking is not a disgrace; it's a condition that can be changed. They drink for a reason.

The First Baptist church on the corner of Washington and Mount Vernon streets in Winchester will hold an open meeting on Friday at 8:30, sponsored by the Al-Anon Family Group. If these problems affect you or your loved ones, why not drop in?

## A Devoted Participant

Anthony Quattrocchi, a devoted participant in the A.Y.A. for 16 years, is beginning his ninth year as baseball director. While coaching for 13 years, he also carried out the responsibilities of Director for five years.

During his years of service he has never had a vacation — instead, he devoted his time, which consisted of about 500 hours per summer, to his team as coach. This greatly increased when he simultaneously took on the responsibilities as director. In this capacity, his numerous

duties include recruiting and supervising all coaches, ordering and assigning all equipment, recording League standings, keeping team rosters, and gathering team collections.

It is obvious that his time and efforts contributed to the A.Y.A. is certainly above and beyond the call of duty.

The citizens of Arlington should surely be appreciative of the diligent efforts extended by Mr. Quattrocchi toward bettering the youth programs for our community.

## Turell Named To Bank Post

Charles H. Turell has been named executive vice president of the newly formed Suburban National Bank of Arlington.

A native of Boston, Turell has had a wide experience in the banking field. Since 1955 he has been controller of the Second National Bank of Nashua, N.H., where he had complete jurisdiction over personnel, systems, operations and purchasing functions.

Prior to his association with the Nashua Bank he had been an assistant national bank examiner in Boston and throughout New England. His banking career began in 1928 with the American Trust Co. of Boston, later merged with the First National Bank of Boston.

Starting as a messenger, he worked his way through various clerical positions to teller, transfer dept. counter clerk and as assistant to the head of the corporate trust department.

## Former Localite A Rhodes Scholar

Willard Scott Thompson of Redlands, Calif., president of the Stanford Institute of International Relations, is one of Stanford's trio of Rhodes scholars. He is the son of W. F. Thompson of the University of Redlands. The family lived in Arlington from 1955-58, where "Scotty" attended High school. Prior to this, they lived in Muskogee, Okla., where the Rev. Mr. Thompson was a Baptist pastor. Along with the other Rhodes winners, Thompson will visit England next fall for advance studies at Oxford.

He has been a member of the New Hampshire Bankers' Association, Nashua Country club and past director and treasurer of the Nashua Chamber of Commerce. He also was past State vice president of the N.A.B.A.C.

## Workshop Meetings

At a recent meeting of the Arlington Young Republican club it was decided that the club will conduct a series of political workshop meetings to promote a better understanding of our town government.

The first meeting will be held at the home of Miss Priscilla Symington of 10 Varnum at 8 on Feb. 12.

"The citizens of Arlington are invited to join in this effort to better understand and appreciate our town government. With the town elections coming up soon in March, it is especially beneficial to broaden one's grasp of local government and its many ramifications," a spokesman said.

While winterizing your driving habits, the Triple-A says stay on the alert for highway surface conditions. Wet ice at 30 degrees is twice as slippery as ice at 10 degrees.

The American Automobile Association says try to avoid driving when under emotional stress. If you are disturbed, let someone else drive.

## That Man About Town

By MAT

We've seen more doggone one-eyed cars of late. You can't drive more than two miles at night without meeting one. And this cannot count the ones you can't see going in your direction.

This is incomprehensible when you know these dangerous vehicles pass through hundreds of congested areas in their travels. If umpires were as blind as cops, Maury Wills would have stolen 400 bases last year.

Anthony ("Bob") Caterino, fish merchant in the Heights, is the latest candidate for Selectmen. This, we hear, is a grudge affair vs. the present board which is talking about parking meters in the area.

Besides his proposed campaign, Bob has inserted (with other signers) a couple of articles in the Warrant for off-street parking. As to his chances, don't forget the Caterinos have about 3,000 relatives in town.

The annual election is liable to be a drab affair. Deadline for filing nomination papers is next Monday at 5 p.m. Up to now the following are unopposed: Town Clerk Ann Mahon, Treasurer-Collector Francis Coughlin, Housing Authority Edward Doherty, Assessor John Byrne and the three School Committee incumbents Baker, Carter and Coughlin.

Incumbent Selectmen, Joe Greeley and Horace Homer, are being challenged by several—Met named them last week, plus the new Caterino. However, the more that run, the better for the seat-holders.

Jack Morine who was appointed by the School Board to fill an unexpired 2-year term is opposed by two, out-of-town school teachers. They are James Desmond and Charles Cremens. The latter fought hard for the appointment over Morine.

The hearing Monday on the proposal of Star Market to buy the Town Yard for \$100,000 was attended by about 75, mostly owners of independent, retail businesses. Quite a showing.

## Kiwanis Korner

Charlie Downs, new program chairman presented Sgt. Arthur Quarente, Safety Officer of the Arlington Police Dept., and Inspector Sydney Greene of the Registry of Motor Vehicles.

They presented a program on highway safety which I am sure made most of us drive very carefully on our way home.

The annual installation was held last Thursday at the Winchester Country Club with about 70 people in attendance.

The first meeting of the 1963 Board of Directors was held Monday night, Jan. 21, at the Arlington National Bank.

Last week four members met with the Boston Club and eight members met with the Somerville Club. Chairman John Bena is lining up a schedule to have every member of the club inter-club at least once through 1963.

It is deep regret that we note the passing of club members Ben Pike and George Roghaar.

A luxury Arlington enjoys over many towns in this section is nicely sanded walks during the icy period.

We notice two new houses well advanced in the building stage on the new street through the Crane farm, nearly opposite Lake street.

A challenge has been received and accepted by the High school for a debate with Winchester High. Three boys are to be chosen by each school, and the representatives of the Arlington High school are hard at work on their subject. As there is no course in argument and no debating club in the local school, the pupils are prepared for the worst while they hope for the best.

The new hymn book purchased for use at the Park Avenue Congregational Church is entitled "The Pilgrim Hymnal" and will be used for the first time at the Park Avenue church on Sunday morning.

The Selectmen, on the recommendation of the Board of Public Works, have ordered that no parking shall be permitted on the southerly side of Massachusetts Avenue from the Robbins Library drive westerly for the distance of twenty-five feet. This is because the parked cars obstruct the view of those coming from the library.

The climax of the local Polio Drive will be reached in the Mothers' March planned for next Thursday, January 29, between 7 and 8 p.m. It is requested that when fire whistles blow and church bells ring at 7 p.m., residents wishing to contribute should put on porch lights. Seeing the light, the contact mother, a neighbor will call. Officials say over 6,000 lights glowed last year. They hope for an even greater response this year.

The breaking total of 108 Articles have been inserted in the Annual Warrant for the Town Meeting in March.

To the Editor,  
Due to the ice on my front steps I drove up to the town yard to get some sand. Seeing nobody around I backed up to a pile of what I thought was sand. Just as I had filled the box in my trunk, a town employee came along and told me I had filled the box with bank gravel and told me where the sand was. He even told me he would help me empty the box and refill it.

Cooperation of this sort between the town employees and citizens of the town I feel should be publicized.

Truly yours,

## COLLINS CORNER

On the walls of the Arlington National Bank are two fine paintings that shows the new Bank today and the buildings as they were many long years ago.

The outstanding building is the Old Town Hall which is no more. In fact, even though the present Town Hall was first opened in 1914, it never really came into its own until a few years ago when the Old Building was torn down. It was always known as the New Town Hall, and it might be mentioned that it is still a fine well kept piece of property that all can be very proud to call their 'own'.

The building, and the grounds surrounding are the results of fine work and care by the superintendent, and the Tree Warden. The Old Hall really gave service and pleasure to its citizens over its long tenure. Town Meetings, rallies, dances, shows of all descriptions, basketball games, and in late years the headquarters for the W.P.A. and Unemployment Dept's.

For years it was the only movie theatre in Town and on Friday and Saturday nights the place would be crowded. Perhaps the two most enjoyable activities were the annual K. of C. minstrel show, (3 nights with dancing to follow.) The other was known as amateur night, and might be the cause of Major Bowes starting his great programs.

Any person in town that could perform was invited to do so. The first prize was a silver loving cup, and the winner was, of course the one who received the most applause. Musicians of all descriptions and instruments, slight of hand artists, soft shoe, buck and wing, and clog dances, mimics, sopranos, altos basses and tenors, quartettes, duos, just name the entertainment and it was performed on the stage of the Old Town Hall.

One evening a very fine group appeared and it seemed as if they all were very evenly matched, until the last singer stepped onto the stage with his piano player, music tucked under his arm.

The player played the introduction, and then started the verse, and the tenor opened his mouth but not a sound came out. His accompanist played one verse and two choruses, and they finally bowed off the stage.

The manager then called out, lined them up, and as was the custom placed the cup over the performers heads. The applause was great for each one until he placed the cup over the 'silent' one, and it is doubted if any actor in the history of show business ever received the applause he did. As they say in horse racing he won going away. It was one of the funniest nights the Old Hall ever had.

So today if many times you wonder why people vote for some candidate who has done nothing, maybe its an old custom that has been handed down through the generations.

For years no one ever knew if the tenor could really sing, as that was his last public appearance.

## ASKS MAT'S HELP

Dear Mat:—  
Thought I would drop you a line with my grievances, as you seem to be the only one who dares to raise his opinion. I have lived in this town all my life, during this time it was run very successfully by the Selectmen.

Now we have a Town Manager and for what? Taxes are going up and up and conditions are getting worse. I live on Rhinecliff st. and can you imagine in this day and age having to sand your own way to the bus line.

The sand truck went down Florence ave. about 6:30 this morning and I thought it would sand right up to St. Camillus church; but no they must have turned up Hathaway Circle or some other street. So after struggling to get up Rhinecliff with cars skidding all over the place, got half way down Florence, but not one bit of sand on that street further down.

With the tax rate we are paying and the service getting worse, I suggest borrowing Mr. Flett from Belmont to show our Town Manager how to run this town successfully as Belmont is run.

Arlington is certainly not what it used to be.

Very truly yours,  
A Dissatisfied Resident  
P.S.: It is now 11:30 and I have called home and Rhinecliff st. is still unsanded. A couple of weeks ago our garbage had not been collected all week and we called up about it, the Pitt Disposal Co. came at 9 p.m. to collect it.

## To the Editor,

Today I have sent the following letter to each of the Selectmen, and a copy to Mr. Monahan:

"The Advocate for Jan. 17 reported the bid of the Star Market for the Town Yard. As you, of course, are aware, this is practically in the backyard of the Stop & Shop, and very close to at least three other smaller groceries — the Modern Market, the Lockland Market, and Keshian's Foodland. There are also two First National stores not too far away. Any business coming to a new food store in this area would inevitably be taken away from these existing stores."

"I believe it would be grossly unfair to these stores, which have been paying taxes and giving employment for years, to allow another store in the area. I believe in the long run the Town might be worse off financially than at present, because very likely one or more of the present stores would be forced out of business."

"I have no connection with any store anywhere, except as a consumer."

"Since there are other bids for the property, I believe the Town would best served by the acceptance of one of these."

Very truly yours,  
Mrs. Gray C. Tremblay  
112 Gloucester st.

## Rezoning Sought By Board

An article has been inserted by the Planning Board in the 1963 Town Warrant to rezone property in the vicinity of Forest and Summer streets owned by Herbert D. Stevens.

The Board will request that this property, now in the single-family district (Residence A) be rezoned to the two-family district (Residence B).

This change, if approved by the Town Meeting, will correct an apparent error which led to the construction several years ago of two-family homes in this Residence A zone.

Miss Murdena Campbell, chairman of the Board, stated that the change being recommended conforms with the newly completed Comprehensive Plan for Arlington.

A public hearing on the proposed change will be held as advertised in the Hearing Room of the Town Hall at 7:45 p.m. Wednesday, Feb. 20.

Passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include this selection (p. 547): "The Scriptures are very sacred. Our aim must be to have them understood spiritually, for only by this understanding can truth be gained."

And continuing on the same page: "It is this spiritual perception of Scripture, which lifts humanity out of disease and death and inspires faith."

## Parmenter Fifth Graders Write 'Winter' Poems

The 5th grade pupils of Miss Wyllian E. Barrett of the Parmenter school have been writing poems on the theme, "My Original Winter Poem."

Miss Barrett selected these three for publication in the Advocate:

From my window I can see,  
Nature's pristine artistry;  
The pure glazed scene of mirrored light,  
With snow-capped trees reflecting bright.

The cold oak a naked figurine,  
Beside a well-dressed evergreen;  
A chill moon wrapped in clouds of gray  
Will there be a more beautiful day!

Karen Kreplik

I stood and gazed at the glistening snow,  
And I shivered as I felt the icy wind blow;  
My scarf was waving in the breeze  
And I felt as though my feet would freeze!

The bare brown trees were draped with white,  
Graceful and contrasting especially at night;  
Then, upon a tree lit a gay bluejay,  
But with one puff of the wind, he flew away.

Later I watched the skaters glide,  
They had rosy red cheeks from being outside;  
As they whizzed by me their skates would slice;  
The glittering, dazzling slippery ice.

I left the wind and ice and snow,  
Inside to watch the fireplace glow;  
The fireplace gave me comfort and heat,  
But best of all it warmed up my feet.

Joel Langer

'Twas a lovely clear winter's night,  
And I thought for my walk I would go;  
Through the fields where the moon's soft light  
Shone on the thin sheet of snow.

As I walked my mind wandered with startling speed,  
And now to you I will yield  
All the wonderful things that I fancied.

The moon was a beauteous maiden,  
As fair as the snow on the ground;  
Who with beauty and grace was laden,  
And spread her soft tresses around.

Her suitors were the naked trees,  
So entranced by her beauty were they  
That they gave her their garments that the moon they might  
please,  
But the scandalous maiden turned them away.

The stream was her lady in waiting,  
The sky was her jeweled throne;  
And the very air seemed to be stating,  
A more beautiful night never known.

**TAX TIME AGAIN**  
Taking note that tax time is at hand again, Alvin M. Kelley, Director of Internal Revenue, today had this early advice to taxpayers in the Boston District.

"In 1963, accuracy and completeness in filling out Federal income tax returns is more important than ever!"

He said Internal Revenue's conversion to an electronic computer maintained account system precludes manual correction of deficiencies in returns which may have been acceptable in the past.

All applicable items on the return form must be filled in and in the proper sequence. This means totals from attached schedules must be carried forward to the face of the return.

If schedules in the return are not sufficient for the needs of the taxpayer, substitute schedules must follow the official format, contain all the required information, and be attached in the same sequence as on the tax return.

Returns or schedules reproduced by copying machines and other devices should meet the standards of paper quality and legibility of the official forms.

Taxpayers receiving pre-addressed forms should use these forms where possible to minimize chance of error in identification.

### CAR OF THE YEAR

The Motor Trend award, which is recognized throughout the industry as the top honor which can be bestowed on a new car model, cites the American Motors for "outstanding design achievement and engineering leadership in the 1963 Rambler."

The 1963 Rambler has been named "Car of the Year" by the editors of Motor Trend, the authoritative automobile magazine which annually tests and rates all U.S. cars.

Charles E. Nerpel, Motor Trend editor, presented the "Car of the Year" trophy to Roy Abernathy, president of American Motors, at a banquet in Detroit on Jan. 8. In making the award Nerpel said:

"Each year sees more and more engineering and styling advances from more auto makers and through more model lines, and each year it is more difficult to select the product that best shows the most progress in design. However, based on close scrutiny to all features offered for 1963, American Motors' Ramblers are this year's best examples of outstanding design achievement and engineering leadership."

In addition to the three-foot silver and gold trophy, specially bound advance copies of Motor Trend's February issue containing the Rambler test story were presented to Abernathy, Thomas A. Coupe, automotive sales vice president; Ralph H. Isbrandt, vice president of engineering and research; and Richard A. Teague, director of styling.

More than half of all pedestrians injured in traffic are children 14 years of age and under, reports the American Automobile Association. Be certain your youngster knows "the safest way to school."

### Covering The U.N.

**LOOKS TO 1963**  
In his New Year's message to the world Secretary General U. Thant of the United Nations left no doubt that his most cherished wish for the coming months focuses on disarmament, and the blessings it could spread.

"I sincerely hope that it will be a year when nations redouble their efforts and rededicate themselves to the cause of peace," he said in part. "All over the world there is, I think, an ever greater awareness both among men of affairs and ordinary men and women, that the alternative to nuclear annihilation is the banning of all nuclear tests. While the hope expressed by the General Assembly that all testing may stop by January 1, 1963, is unfortunately not going to be realized, I continue to believe that this problem will receive the urgent attention of our colleagues in Geneva, and that before long they will agree to take this first and most crucial step toward a disarmed world."

He added his credo "that the economic and social progress of the developing countries would lead to a lessening of international tension and may serve the cause of peace so effectively that the sterile and wasteful expenditure on armaments and nuclear stock-piles could be greatly reduced as a result."

### ANOTHER BOND

The United States has made its second purchase of a bond from the United Nations \$200,000,000 emergency issue, to cover expenses of the peace-keeping operations of the world organization. The second bond, worth \$15,569,840, brings to \$59,672,850 the total subscribed by the U.S., on a matching basis with purchases by all other nations. By Christmas day the total paid or pledged was \$133,950,937 from 57 countries.

### CAUTION ADVISER

Without any prompting from Rachel Carson, whose best-seller "Silent Spring" had as its theme the danger to birds, bees and other wild life in indiscriminate use of poisonous insecticides, the Food and Agriculture Organization of the United Nations has concluded the first world conference on the use of pesticides in agriculture. Held at the Rome headquarters of the agency, it was attended by representatives of 31 countries.

The conference recommended to governments that they test and approve poisonous chemicals before distributing them to farmers, as well as studying the level of residues which may safely remain on crops; encourage basic research into plant and animal protection; and investigate possible side effects and crop fertility, fish and wild life and on the beneficial insects, when setting up permissible levels of residues. Participants requested the F.A.O. to collect and disseminate more information on this vital problem.

### AIR TRAFFIC

New peaks were set in 1962 for both passenger and cargo traffic by air, the International Civil Aviation Organization reports to the United Nations, of which it is a specialized agency. Scheduled airlines of its 98 member states carried a record 123,000,000 travelers, the ICAO said, or 11 per cent more than in 1961, and passenger miles flown rose by 12 per cent to 81,500,000,000 — also a record.

Reflecting new reduced rates for air express and freight, cargo ton-miles flown jumped 19 per cent, from 1,700,000,000 to 2,020,000,000 miles, the largest gain since 1950. Mail ton-miles flown went from 490,000,000 in 1961 to 555,000,000, an increase of 13 per cent, although the rate of expansion was not as rapid as in 1960 and 1961, when the gains were 17 and 18 per cent respectively over the year preceding.

### RECEIVES MEDAL

Captain Joseph A. McHugh has been awarded the United States Air Force Commendation medal.

Captain McHugh was awarded the medal in recognition of his meritorious service as management analysis officer of the 99th Bombardment Wing at Westover AFB, Mass. Major General K. K. Compton, director of operations, Headquarters, Strategic Air Command at Offutt AFB, Nebraska made the presentation.

The captain, who received his B.S. degree from the College of the Holy Cross, Worcester, Mass., is the son of Mr. and Mrs. Joseph A. McHugh of 31 Jason st.
